- Database: My SQL
- Tools: VS Code, Git
- Concepts: Responsive Design, UI/UX Basics
- Learning React

Internship Experience

Intern – Focus i-Tech Solutions, Solan, Himachal Pradesh

- Worked on front-end development and UI enhancement.
- Implemented responsive designs for better mobile experience.
- Assisted in debugging and testing web applications.
- Collaborated with team members on live project modules.

Projects

1.My Portfolio Website

- Developed a fully responsive portfolio website using HTML, CSS, and JavaScript.
- Implemented reusable components (header, footer) using JavaScript for better code structure.
- Designed interactive sections including project gallery, contact form, and navigation menu.
- Optimized performance and ensured cross-browser compatibility.

2.SATHI Foundation Website (sathihp.com)

- Developed a responsive website for a social organization.
- Designed user-friendly navigation and layout.

- Used HTML, CSS and JavaScript to build front-end.
- Improved accessibility and information structure.
- Deployed the website on a live server using FTP tools like FileZilla.

3. Almast Reiki Website (almastreiki.com)

- Built a wellness-focused website for Reiki services.
- Created structured content layout for better readability.
- Implemented responsive design for all devices.
- Focused on UI/UX for user engagement.

4. Manav Kalyan Seva Samiti Website (Manav Kalyan Seva Samiti)

- Designed and developed a responsive website for a social welfare organization to showcase its initiatives and events.
- Implemented component-based structure by fetching header and footer using JavaScript for better code reusability.
- Designed interactive features including image overlays, icons, and navigation menus.
- Ensured cross-device compatibility and improved user experience with responsive design techniques.

5. Netflix Clone (Frontend Project)

- Developed a responsive clone of the Netflix homepage using **HTML, CSS, and JavaScript**.
- Replicated UI components such as banners, movie rows, and navigation bar.
- Implemented hover effects and interactive elements to enhance user experience.
- Ensured cross-device compatibility using responsive design techniques.
